ZONTA
INTERNATIONAL

DISTRICT 14

Dear Zonta Club Members of District 14

I am proud to assume responsibility as District 14 Governor of ZONTA International for the biennium 2024-2026.

Together we envision a world in which women's rights are recognized as human rights and women have access to all resources and are represented in decision-making positions on an equal basis with men.

To reach this challenging task I am not alone, but we have a great team in our district to support. On our district website you may find an overview of all [board members](#) and [committee chairs](#).

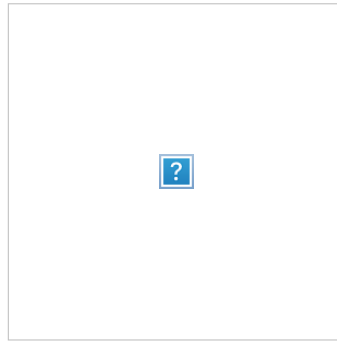

I am looking forward to achieving our great task this biennium together with all of you as a team. For any information and questions please feel free and do not hesitate to approach me or the board.

Dr. Jutta Trube, Govenor District 14, 2024-2026

About me

I am a STEM woman and spent my entire professional career in a man's world. Renewable energy has been one of my fields of activity, the one reason why I want to promote ZONTA says NOW. The other: climate change is of strong concern for younger women, the group we need to attract for ZONTA. In my private life, I am married, have a daughter, play violin and viola in an orchestra and love motorcycling.

Brisbane Convention

One month ago, Zontians from all over the world met in Brisbane, Australia, and our new international President Salla Tuominen presented our [Biennial Goals](#). Please note, these links only work if you are signed in the member's area of the [international ZONTA Webpage](#). Username is usually your email address and passwords will be sent if forgotten.

Further information on the convention, you can find here:

- Approved at the convention [Governing Documents](#)
- Our three international projects
 - Global Program to [End Child Marriage](#): Phase III
 - Climate Empower: Community Empowerment and Innovation for Gender-Transformative [Climate Action](#)
 - Laaha: [A Virtual Safe Space for Women and Girls](#)

Together with all of you, I am looking forward creating a better world for girls and women in fulfilling our common goals, we can do it!

Yours

Jutta Trube
